

**Amendments to the Claims**

This listing of claims will replace all prior listings of claims in the application.

**Listing of Claims**

1.-16. (Canceled)

17. (Currently Amended) A liquid spray unit for spraying and applying a liquid onto a moving body comprising:  
a spray tube provided with one spray nozzle for reciprocatingly traveling in a width direction of the moving body and spraying the liquid and  
an air box provided with an air flow discharge port for discharging an air flow and arranged with respect to the spray tube such that the discharged air flow accelerates and focuses the sprayed liquid towards the moving body.

18. (Previously Presented) The liquid spray unit of Claim 17, wherein the moving body is paper in a paper-making or a processing machine.

19. (Previously Presented) The liquid spray unit of Claim 17, wherein the moving body is a member rotating or circulating inside a paper-making or a processing machine.

20. (Previously Presented) In a method of spraying and applying a liquid to a moving body, the improvement comprising spraying and applying the liquid with the spray unit of Claim 17.

21. (New) The liquid spray unit of Claim 17, wherein the spray nozzle and the air discharge port are oriented in the same direction.

22. (New) The liquid spray unit of Claim 17, wherein the spray tube is fixed to the air box.
